Category		Bronze criteria		Silver		Gold
Central teams	**General**	(CT) G1-B	Appoint a Green DiSC Representative	*Coming soon!*		*Coming soon!*
		(CT) G2-B	Support the inclusion of digital sustainability in induction procedures			
		(CT) G3-B	Centralise sustainable computing information in a repository			
		(CT) G4-B	Disseminate this program in the institution			
Central teams	**Offices**	(CT) O1-B	Catalog purchasing streams for office IT equipment			
		(CT) O2-B	Document the "Reuse, Repair, Recycle" process for IT equipment			
		(CT) O3-B	N/A			
Central teams	**Data Storage**	(CT) DS1-B	Catalog data storage solutions			
		(CT) DS2-B	Develop a data cleaning process for research groups to adopt			
		(CT) DS3-B	Collect data management training and resources			
Central teams	**Compute**	(CT) C1-B	Catalog the computing infrastructures available			
		(CT) C2-B	Collect educational material on sustainable computing best practices			
		(CT) C3-B	N/A			
Central teams	**Others**	(CT) Oth1-B	Anything else that you've done?			
		Version	3

Research groups	**General**	(RG) G1-B	Appoint a Green DiSC Representative	(RG) G1-S	Regularly discuss digital sustainability in group meetings	*Coming soon!*
		(RG) G2-B	Include digital sustainability in induction procedures	(RG) G2-S	Train all group members in sustainable computing	
		(RG) G3-B	Share resources with other groups	(RG) G3-S	N/A	
		(RG) G4-B	Disseminate this program in the institution	(RG) G4-S	N/A	
		(RG) G5-B	N/A	(RG) G5-S	Embed sustainability in teaching delivered by the group	
Research groups	**Offices**	(RG) O1-B	Catalog the office IT equipment	(RG) O1-S	Request Life Cycle Assessments for the purchase of new IT equipment	
		(RG) O2-B	Document the "Reuse, Repair, Recycle" process for IT equipment	(RG) O2-S	"Reuse, Repair, (Repurpose,) Recycle" is now common practice for IT equipment	
		(RG) O3-B	N/A	(RG) O3-S	N/A	
Research groups	**Data Storage**	(RG) DS1-B	Catalog the major data resources used	(RG) DS1-S	Implement data management plans for the major data resources controlled	
		(RG) DS2-B	Start a data cleaning process	(RG) DS2-S	Regular data cleaning is now common practice	
Research groups	**Compute**	(RG) C1-B	Catalog computing infrastructures used	(RG) C1-S	Review the computing infrastructures used	
		(RG) C2-B	Identify computing workflow hotspots	(RG) C2-S	Estimate energy usage and environmental impacts of major workflows	
		(RG) C3-B	Collect educational material on sustainable computing best practices	(RG) C3-S	Create a group policy on limiting the team's digital environmental impacts	
		(RG) C4-B	N/A	(RG) C4-S	Monitor and report computing usage and environmental impacts	
		(RG) C5-B	N/A	(RG) C5-S	Include information on resource usage for software released by the group	
Research groups	**Others**	(RG) Oth1-B	Anything else that you've done?	(RG) Oth1-S	Anything else that you've done?

Research compute infrastructure teams	**General**	(RCI) G1-B	Appoint a Green DiSC Representative	*Coming soon!*		*Coming soon!*
		(RCI) G2-B	Include digital sustainability in induction procedures for the RCI team			
		(RCI) G3-B	Centralise sustainable computing information in a repository			
		(RCI) G4-B	Disseminate this program in the institution			
		(RCI) G5-B	N/A			
		(RCI) G6-B	N/A			
Research compute infrastructure teams	**Offices**	(RCI) O1-B	Catalog the office IT equipment			
		(RCI) O2-B	Document the "Reuse, Repair, Recycle" process for IT equipment			
		(RCI) O3-B	N/A			
Research compute infrastructure teams	**Data Storage**	(RCI) DS1-B	Catalog the major data resources managed by the RCI team			
		(RCI) DS2-B	Catalog the major data resources managed by users			
		(RCI) DS3-B	Start a data cleaning process			
Research compute infrastructure teams	**Compute**	(RCI) C1-B	Catalog computing infrastructures managed by the RCI team			
		(RCI) C2-B	Catalog servers' hardware			
		(RCI) C3-B	Catalog third-party computing providers			
		(RCI) C4-B	Catalog centrally installed software			
		(RCI) C5-B	Identify computing workflow hotspots			
		(RCI) C6-B	Overall energy monitoring of data centres			
Research compute infrastructure teams	**Others**	(RCI) Oth1-B	Anything else you've done?
